

## Academics

- BA Program: Designed for those likely to pursue careers as well as professional degrees in law, policy, or management, or to pursue advanced disciplinary degrees in the social sciences or humanities.
- BS Program: Designed for those who are likely to pursue careers requiring advanced degrees in ecology, environmental medicine or health, climate science, or other related disciplines.
- Multidisciplinary Academic Programs: Students may combine EVST with a MAP in Education Studies, Energy Studies, Global Health Studies, or Human Rights Studies.
- Double Majors: EVST majors may choose to double major. Popular double majors include Political Science, Economics, Engineering, Ethnicity, Race and Migration, Earth and Planetary Science, and Ecology and Evolutionary Biology.

## Concentrations

- Biodiversity & Conservation
- Energy & Climate
- Environmental Humanities
- Environmental Justice
- Environmental Policy
- Food & Agriculture
- Human Health & the Environment
- Sustainability & Natural Resources
- Urban Environments
- Self Defined

## Student Research

- Senior essay project: Provides students with the opportunity to research and write a substantial in-depth paper on an environmental topic or problem.
- The Summer Environmental Fellowship (SEF): Provides student with an environmental research or training opportunity. This fellowship has supported many EVST majors working on senior thesis research.

## Academic Support and Peer Mentor Program

- Michael Fotos, DUS: Office hours this week: Thursday 2-5pm outdoors at Beinecke Plaza. Walk ups welcome. No appointments. For students who can't walk up, call (860-690-8614 or email for appointment).

## Environmental Studies Academic Fair: 2021-2022

- [Kealoha Freidenburg, Associate DUS, BS Program](#): Office hours this week: Wednesday 10-11AM Sage 3A/outside or [zoom](#).
- [Environmental Studies Peer Mentors](#): Mentors can answer questions about what it's like to major in EVST, what classes you may wish to take in the major, and how to find your concentration courses.
